Fall Kickball Program FAQ’s – For Parents

1. How long will each session be?

Each session will be two hours in length. The first half hour of each session will be dedicated to ensuring all staff and participants are safely checked in. Temperature checks will be taken and recorded. Participants will then meet with their volunteer coach to sanitize their hands. Equipment will be sanitized and game play will commence. The game will last for an hour and fifteen minutes, with breaks to sanitize hands and equipment between innings and at the conclusion of the session.

2. How many staff members will be on site?

There will be six staff members present at each session.
1 Temperature checker/ procedures checker (responsible for making sure everyone is following safety protocols)
1 registration volunteer (responsible for checking participants in and running registration table)
2 coaches (responsible for working with the kids directly and coaching a kickball team)
1 referee- (responsible for making calls during the kickball game)
1 sanitizer/ score keeper (responsible for sanitizing equipment and keeping track of score).

3. What is the total number of participants allowed for each team?

Teams will be allowed to carry a nine players comprised of students in grades 3-8.

4. What precautions will be taken to ensure that staff, parents and participants are safe?

As stated above, temperature checks will be administered prior to the start of any group activities. Participants and staff will also be required to verify if they have had any COVID
related symptoms, been ill or come in contact with anyone who had been ill within the previous seven days. Participants and staff will be required to sanitize their hands between innings and staff will sanitize any equipment being used at that time as well. All players, staff and parents will be required to wear masks/ facial coverings.

5. Will parents be allowed to attend/ watch games?

One parent per family will be allowed to attend, granted they are able to remain socially distanced from other parents, staff and players. Parents must provide their own seating. They will also be permitted to sit in the grassy area adjacent to the playing field or remain in their vehicles.

6. How will staff communicate with parents if a participant is injured or becomes ill during a session?

Parents will be notified by phone if their child is injured or becomes ill during a session. The child will be isolated from the group and be under the supervision of an adult volunteer until a parent or guardian arrives to take the child home.

7. What will happen if a session is rescheduled or cancelled?

Parents will be notified by phone of any cancellations or changes to program scheduling to hours prior to the scheduled start time for each session.

8. What happens if a participant misses a session for a reason unrelated to illness?

If a participant misses a session for any reason other than being ill they will be permitted to return to participate in the next scheduled session.
